

SUMMER CAMP 2009 DETAILS

DETAILS! Want to know what your camper will be doing this summer? Kids Connection, Inc. has a new building, new gym and new camps for 2009! Without all the confusing themes we have assembled fun-filled camps to meet your summer flexibility while educationally entertaining your camper!

Each day of camp will involve age-appropriate discoveries and learning! The following details are *just some* of the fun learning areas our campers will experience daily:

SCI-TASTIC FUN Campers of all ages enjoy hands-on ooey, gooey fun! We will put your camper to the test with sinking/floating; creating the perfect slime; dust and other strange stuff; must-see microscope; snakes/lizards/monkeys and moose (a world of animals); temperature, senses, colors and more. The science experience will vary each week and for each age group.

SPORTRAGEOUS Our indoor gym will keep us cool and dry this summer with over 1,400 sq.ft. of indoor fun. Age appropriate games and activities are bound to entice all our campers! Tricycles, scooters, hockey, capture the flag, bean bag capture, battleship, bowling, blanket volleyball, five-pin soccer, cats in the corner, parachutes and dancing are just to name some of the indoor fun.

ADVENTURES IN LITERACY Who says reading/literacy cannot be fun during the summer? It is important to keep our campers interest in literacy active all summer! Campers will engage in age-appropriate literacy exploration through guided reading, letter recognition, stories to entice the imagination, fine motor practice and literacy games. So much fun and learning at once!

MATH-ATTACK Math is everywhere! Maybe we will measure water in the inflatable pool, weighing, estimating, story problems, brainteasers, sorting and categorizing. It's all MATH and we will have fun engaging your camper in age appropriate math fun!

ART MANIA Painting, sculpting, sketching, sponging, splatting, coloring, cutting, drawing, beading, tracing, gluing and MORE. Endless art for all ages. Messy masterpieces to add to the summer fun!

DIGESTIVE DISCOVERY  What a better time to learn about our health, the brain, the body, exercise and how keeping healthy is tasty too! Your camper will make snacks, talk about food, paint with food and overall 'digest' every aspect of the importance of keeping healthy!

GEAR UP FOR SCHOOL CAMP This exciting new program aimed at school aged children with the goal of refreshing students on important concepts that have not been used during summer vacation. The class is facilitated by a certified teacher who will focus on math and reading skills. Students can **expect** to be engaged with story problems, math games focusing on basic math facts, and reintroduced to multiplication and long division. Literature circles and discussions will help students "gear up" for the upcoming school year with attention given to reading strategies when appropriate. **(weeks of 8/3-6 & 8/10-13)**
