

Thank you for reviewing our web site information! I am also a mother of two and understand the importance of finding a quality preschool. My staff is comprised of very educated women that primarily work part time, as they have families of their own. The team of teachers at Kids Connection is excited about the opportunity to educate your child. Please know that we are available to answer any questions via our email, calling or a tour.

–Renee Gust, Owner/Director

TWOS-THREES PM (2s & 3 after 9/1/08) Great class for our non-napping 2s and students missing the threes class age requirement. Open play, fine motor development, story times, sensory activities, creative art projects, large muscle and music movement and a snack fill the 2.5 hour program. This is a great opportunity to step into the preschool experience a couple afternoons a week.

Of course we can't forget the gooey art, tunnels/slide and welcoming activities on the tables each day. Our goal is to enhance social skills, routine, circle time skill building while encouraging fine motor/sorting/matching and more.

Another unique feature for our part day center is the toilet reinforcement provided. Our staff cannot train a child with the limited contact we have, but we can surely continue what you have started at home.

Max 16 per class-2.5 hours.
