

***Thank you for reviewing our web site information! I am also a mother of two and understand the importance of finding a quality preschool. My staff is comprised of very educated women that primarily work part time, as they have families of their own. The team of teachers at Kids Connection is excited about the opportunity to educate your child. Please know that we are available to answer any questions via our email, calling or a tour.***

**THREES PLUS** (4 by 1/1/09) Threes Plus has been developed especially for our older threes. This class will work on all our threes skills (listed above) and more! This class will give students the opportunity to work more on fine motor (name writing); introduction to letter sounds, mathematical concepts (patterning/sorting), open play and more. Max 20 per class-2.5 hours.

The difference between Threes and Threes Plus is the slight variance in the curriculum by the additional of weekly letters, numbers and colors. Teachers introduce the sounds and letter formation to get our ‘threes plusers’ ready for Begindergarten.

This is still the most popular age to start your child in a play with academically enriching activities. Exploring science and sensory activities are the most exciting for our threes. Working each day developing fine motor skills is also a priority in the class. Whether we are cutting, molding, beading or strengthening our muscles in goo or dough we are hard at work developing important skills.
